

ROCKO FREAKING DIES

Script

The movie starts out by showing text that says "O-TOWN, FRIDAY, 5:00", we are shown a normal city, and a car drives by the road and we zoom in the car and it's Rocko who's driving it

Rocko: wow boy, I sure do hope SpongeBob doesn't break my ankles over this!

Rocko drives to Chokey Chicken, and walks up to the cash register to order, while he is ordering, he is frantically looking around, and the cashier is Squidward

Squidward: What'll it be?

Rocko: I'll have the chicken legs and a medium-large drink

Squidward: medium-large?

Rocko: Yep, medium large... hey, Squidward, why are you the cashier here? Aren't you supposed to work at the Krusty Krab?

Squidward: Well Krabs decided to take away my copy of Family Guy Volume 5, so I committed mass genocide upon 3 nations and quit my job at the Krusty Krab and went here

Rocko: ah yes, I see

Rocko gets his chicken, and sits down at a booth, SpongeBob then enters the doors, Squidward is obviously gronked

Squidward: SpongeBob, do you have to ruin my life when I'm not near you?

SpongeBob: shut the up, chodeward, I'm doing something important

SpongeBob then walks over [menacingly] to Rocko, and sits down in the booth [menacingly]

SpongeBob: so, Rocko, you remember why I called you here?

Rocko: Well, actually, no, I got caught up in how and why someone would commit mass genocide on 3 nations over a family guy DVD

SpongeBob: Rocko, it's because you left a BAD REVIEW on the Krusty Krab, you gave it 2.5 STARS and said "The food was good, but the rest of the restaurant was terrible, all there was to drink was water, and water colored to look like soda"

Rocko: well, SpongeBob, you know every Aussie needs their VB LONGNECK IN THE MORNIN

SpongeBob: Rocko, you know what this means right? All of the 90's kids don't come to the Krusty Krab anymore!

Rocko: well, maybe you could, uh, improve your restaurant?

SpongeBob: NO! Mr Krabs is cheaper than my heroine! Mr Krabs would never do anything to improve!

Rocko: can't you just do it yourself?

SpongeBob: NO! Mr Krabs is a fatty fat fat stinky smelly eww man that needs to do his own work! Or at least hire a janitor! I'm too busy overdosing to do any more work!

Rocko: well, I'm not changing my review until someone improves it!

SpongeBob: YOU HAVE UNTIL MONDAY!

SpongeBob slams his hands on the table and goes to walk out, but as SpongeBob is about to walk out, Heffer walks in and recognizes SpongeBob

Heffer: Hey! You're the guy who's threatening Rocko because he left a bad review on your restaurant!

SpongeBob: what are you gonna do about it?

Heffer picks up SpongeBob and breaks SpongeBob's ankles, and SpongeBob then crawls outside, Heffer orders while Rocko looks outside, SpongeBob sawed his legs off, and they grew back, Rocko knew this problem was too much for one wallaby, Heffer then sits down in the booth with Rocko

Heffer: That guy isn't as much as a threat as you might think Rocko, I cracked his ankles in two

Rocko: but he just sawed them off and grew them back!

Heffer: that was just a warning Rocko, I'll leave a bad review on the Krusty Krab, too!

Rocko: well, thanks Heffer, I'm just worried about our other problem

Heffer: you mean about how we're gonna nuke MTV?

Rocko: Heffer! Not so loud! But yes, about how we're going to nuke MTV

Heffer: There's nobody here Rocko, except Squidward, but he probably doesn't care

Squidward is shown to run up to the table Heffer and Rocko are sitting at

Squidward: YOU'RE GONNA NUKE MTV??????????????

Heffer: Yup, that's the plan

Rocko: Yeah, not many people would miss it-

Squidward: CAN I HELP? SpongeBob and his friends LOVE MTV! I'd be happy to make them depressed!

Rocko: sure, Squidward, it'd be good help to have someone that knows SpongeBob well!

Heffer: and he will be helpful in phase one of the plan

Squidward: what's phase one?

Rocko: well, you're gonna have to come with us to see...

The screen darkens and text appears and says "ROCKOS HOUSE 5:59", Rocko, Heffer, and Squidward all walk in and are met with Filbert along with many blueprints, papers, and most importantly, red string

Filbert: Why is Squidward here?

Rocko: he's joining the team, he'll be a real help!

Filbert: well Squidward, I'd like you to know that phase one is stealing The Krabby Patty Formula

Squidward: WHAAAAAT?

Filbert: we need blueprints to the Krusty Krab, if you have them

Squidward: well, if you want to know, I am a bit of an artist and I've drawn some myself

Filbert: this'll work great! And you'll know the routines of that FAT CRAB for phase two!

Squidward: before we do this, can you tell me what phase two is? And..what any other phases are?

Filbert: well, there's 3 phases, phase deux is going to be KILLING that fat crab, because he has the launch codes for the nukes we want, phase three, the final phase, is where we go to the launching station, sneak in, and put in the launch codes for the tsar bombas, and

put in the coordinates and whatnot, and we can NUKE MTV! No more black TV shows about tattoos and drama, drama is what got me divorced!

Squidward: Well, alright, what's the plan?

The screen darkens again and we see text that says "KRUSTY KRAB, FRIDAY, 1:00 AM" and we see the gang in ninja suits, they sneak up to the front door and Filbert tapes and smashes the front door with a hammer

Squidward: why do we need the Krabby Patty Formula?

Filbert: well, in between phases, we'll be using the Krabby Patty Formula by blackmailing Millard Fillmore to tell us information.

Heffer walks up to Mr Krabs office, and Indiana Jones boulders the door into heck

Squidward: Alright, it's behind the painting, and the code is ■■■■■■■■■■■■■■■■■■■■

Rocko slips out the Krabby Patty Formula with a fake one, that instead of the secret formula, it said

"I stole your secret formula lol

- Ev Bighead"

Rocko: and the secret formula is...

Rocko slowly rolled the paper out, and the contents confused him

Rocko: Millard Fillmore's ashes and ketamine?

Filbert: Yup! Sure is! Now let's get out of here, it's almost time for the stoners to break in here, there's tons upon tons of rock hard DMT under here, and they sniff the floors for it

The gang sneak out of the one window in Krabs office, and the screen fades to black once again, text appears and says

"I DON'T KNOW WHERE MILLARD FILLMORE IS BURIED, WHY WOULD I KNOW THAT?, SATURDAY, 3:00 PM"

The gang are at Millard Fillmore's grave, and do a bunch of ritualistic crap to summon Fillmore's ghost

Millard Fillmore: WHO DARES SUMMON ME? THE LAST OF THE WHIG?

Rocko: We have the Krabby Patty Formula, and I'm questioning how you were even cremated considering you're buried h-

Millard Fillmore: WHAT? YOU HAVE THE SECRET FORMULA?

Rocko: yes, Fillmore, sir, now I'm just wondering, is it specifically YOUR ketamine? Or just some random ketam-

Millard Fillmore: THAT'S ENOUGH! Listen, if you keep that to yourself, I'll answer ANY questions you have, ANY OF THEM!

Filbert: Alright, what's the most effective way to murder Mr Krabs and get his tsar bomba launch codes?

Millard Fillmore: you're going to steal all the root beer in Krabs basement, and when he notices, he'll have a mental breakdown in the basement, have Rocko crack his shell open with a hammer and slit his throat with a stainless steel knife

Rocko: why do I have to do it?

Millard Fillmore: you have experience! Remember when you just wanted to steal a copy of Kangaroo Jack in Walmart?

Rocko: that little crap got what he deserved, snitches get stitches

Filbert: Well, Fillmore, your information is appreciated, but where are the launch codes?

Millard Fillmore: They're in Pearl's room, behind the Nickelback poster, that reminds me, Heffer and Squidward should kill Pearl too, she'll be crying in her room depressed or sleeping, make sure to bring lots of harpoons, she's so fat not even her soap will smell good.
Squidward: well I think that's all the information needed, let's do this.

The screen fades to black for the tenth time and text shows up and says "MR KRABS HOUSE, SATURDAY, 9:00 PM" Heffer and Squidward are climbing up to Pearl's room, and Rocko and Filbert are digging a hole to get to the root beer cellar

Squidward easily climbed up into Pearl's room, his ears immediately being tortured from the Nickelback songs blasting, it was ironic that she wasn't listening to "I am the walrus", considering she's so FATTY FAT FAT FATTY FATSO

Heffer barely got in, but his 10 tons of sweat allowed him to slip in Pearl's room

Squidward: Alright, Heffer, ready the harpoon cannon

Heffer: ready!

Squidward: ready!

Heffer: aim!

Squidward: FIREEEEE!

The two harpoons only punctured Pearl's body, Squidward and Heffer look at each other and sigh, they know this'll take a while

Cut to Rocko and Filbert busting into the cellar through a hole in the wall

Filbert: Alright, so...How are we going to get all of these barrels of root beer out of here?

Rocko: oh, I know! I can just snort it all!

Filbert: are you sure? I think Krabs keeps the ketamine in the root beer too!

Rocko: well in that case, I'll just get my gigantic freaking crane and save it all for later
Screen darkens and says

"After that crane stuff happens"

comes back to Rocko and Filbert in the now empty root beer cellar

Filbert: all right, I'll go see how Heffer and Squidward are doing, you can lure Krabs in here with a noise or something

Filbert walks out of the hole in the cellar wall and Rocko starts slamming on the cellar door

Mr Krabs: Agagagagagaga! It's me slaves again! What do they want?

Rocko looked around for slaves, little did Rocko know, Krabs is a schizophrenic

Mr Krabs walked into the cellar and Rocko then bashed Krabs head in, cracking his entire shell, Mr Krabs seemed completely unaware that his shell had been destroyed, and started crying in the middle of the cellar

Mr Krabs: ME KETAMINE ROOT BEER IS GOOOOONE!

OOOOOHOOOOOHOOHHOOHH

Rocko: That's not the only thing that'll be gone, you fat crab!

Rocko sliced Krabs in half, oh no! Rocko forgot! He accidentally brought his machete! Luckily for him, it already had blood on it, and Rocko ran up to Pearl's room. Rocko walked in and was poorly greeted with Nickelback and the sight of Heffer, Squidward, and Filbert attempting to stab a sleeping Pearl with harpoons. Rocko: wait, what if we just fed her so much, she dies from a heart attack? Everyone was amazed at that idea, but they decided they wouldn't go through so much trouble, they just left a bunch of McDonald's and soda next to Pearl, but just to make sure, they made her door normal size and her window normal size, so she couldn't fit and couldn't get out.

Filbert: alright, this Nickelback poster should just have the codes behind it and it'll be all fine

Filbert peeled back the poster to find a safe

Filbert: ah crap! A safe!

Heffer: hey I have an idea! Let's just take it home!

And they did, but Rocko was fearing that they wouldn't get to phase three before Monday...

The screen fades to black and text appears on screen

"SPONGEBOB'S HOUSE, 1:00 AM, SUNDAY"

SpongeBob: alright Patrick, it's almost time...

Patrick: for what SpongeBob?

SpongeBob: YOU FAT IDIOT! It's almost time to kill that thing, whatever he is, it's almost Monday...

Patrick: man, I sure do hate Mondays

SpongeBob: PATRICK!

the screen fades to black, and text appears and it says

"ROCKO'S HOUSE, SUNDAY, 3:00 PM"

Filbert: not even Fillmore can fill us in on the code, dangit!

Heffer: so can we resort to the more...messy option?

Rocko: yeah, guess we're gonna have to go to those babies and get their explosives

Squidward: you mean...

The camera zooms in on Squidward's face

Squidward: THE RUGRATS?

The camera zooms into Squidward's gaping mouth, and text on the bottom left of the screen says

"SOME DARK ALLEY, SUNDAY, 4:45" and Rocko is wearing a black hoodie and approaching a shady looking person in a trench coat and a fedora

Rocko: So...what's your deal on.... explosives?

The stranger looks up, showing their face, it's Tommy

Tommy: what are ya lookin for?

Rocko: Anything that'll open a safe

Tommy: hey, wait! I know your plan! SpongeBob told me!

Rocko: SPONGEBOB KNOWS?

Tommy: I'll let you nuke MTV, but SpongeBob is gonna kill you if you don't change that review!

Rocko: you can tell SpongeBob to improve, or.. uh.. GET IN THE NOOSE!
cut back to the gang exploding the safe open, and getting the launch codes

Filbert: HECK YEAH! WE'RE GONNA TURN MTV INTO HIROSHIMA!

Everyone's celebrating, except Rocko, who's looking left to right

Rocko: what about SpongeBob?

Filbert: Rocko, SpongeBob can't hurt anyone, it's SpongeBob, even with a gun, you always wear your bulletproof vest ever since you got to America

Rocko: yeah....Yeah! You're right Filbert!

And then, everybody began to celebrate

The screen fades to dark, and text appears on the screen.....again

"SPONGEBOBS HOUSE, SUNDAY, 11:50 PM" SpongeBob and Patrick are in a dark room, getting army gear on

SpongeBob: PATRICK! Our original goal...was to KILL ROCKO so we can get his phone, and eventually change that review!

Patrick: wait, it was?

SpongeBob: what'd you think it was?

Patrick: we order pretzels first?

SpongeBob: NOT INTENDED BUT GOOD IDEA!

SpongeBob looks at his watch....11:52

Cut to Rocko's house, with text in the bottom left that says

"MONDAY, 2:00 PM"

Rocko is just waking up, when he's hit on the head with a baseball bat and knocked out, the screen darkens and cuts to Rocko in a chair with his arms and legs tied to the chair, this was definitely too much for one wallaby to handle

SpongeBob: Rocko, didn't I tell you what'd happen if you didn't change your review?

Patrick: no, you just gave him a menacing warning, you never said you'd kill h-

In the darkness Rocko is staring at, we hear a "bonk" from it

Rocko: you're just going to keep me here until I change my review?

SpongeBob: well yknow we'll also torture you

Rocko: I fought in nam! You can't get me to-

In the darkness, a TV turns on, completely erasing the darkness and showing SpongeBob and Patrick, the TV is playing Logan Paul's YouTube apology video, this sure was, indeed, too much for one wallaby

Rocko: CRIKEY! I can't do this! Fine I'll change it! Give me my phone!

SpongeBob: alright Patrick, give him his phone

Patrick looks at SpongeBob with wide eyes, and back at Rocko

Patrick: I thought you had his phone

SpongeBob: WHAAAAAT?

Rocko: I think it's actually in my pocket..and the ropes are over my pocket, could you untie me?

SpongeBob: well, alright, but no funny stuff!

SpongeBob and Patrick untied Rocko, and Rocko immediately jumped up and laughed like he had ADHD

Rocko: HA HAH! I DON'T EVEN WEAR PANTS!

Rocko ran off, but not before grabbing a AK-47 off the wall, we see Rocko running on the side of the road, Rocko looks back to see Patrick and SpongeBob chasing him, and a car, Rocko shoots the person in the car

Rocko: DON'T COME CLOSER OR I'LL SHOOT!

Patrick: that's too bad! Because we have v-

Rocko shoots Patrick's leg, making Patrick fall over

SpongeBob: Well what are you gonna do about me? I still have th-

Rocko shoots SpongeBob in the eye and makes a dash for the car, and then gets in and starts the car and steps on it, with the "crazy taxi" theme playing as soon as Rocko slams the gas

Rocko crashes the car into his own house, Filbert is obviously gronked

Rocko: GUYS! WE GOTTA GET TO THE LAUNCH STATION QUICK!

Filbert: WHAT ARE YOU DOING?

Rocko: SPONGEBOB AND PATRICK ARE TRYING TO KILL ME!

Heffer: Man, this sure is too much for one wallaby like you too handle, Rocko

Squidward (gronked): uhh...do I need to....move?

Squidward is shown to be under a car tire

Rocko: don't think so, Squidward, that squirrel still isn't off my damn tire!

Heffer and Filbert get in the car, when Heffer gets in the car obviously tips, Rocko screeches the tires, and looks back, Squidwards screams of pain are clearly heard

Rocko slams on the gas, and the crazy taxi theme plays again, Rocko starts to crash into several homes, runs over several people, and then they crash, the song stops, Rocko looks back in terror as a shadow comes over him, and the camera reveals the shadow is from a massive tank, SpongeBob pops out of the top

SpongeBob: BAHAAAAHAHAHAHA! EAT PEEPEE POOPOO AND DIE!

Narrator: And then SpongeBob went too far, and he said it...he said...

SpongeBob: **MMMMMMMMIGGA**

The camera zooms in on Heffer's face, Filbert's face, and Squidwards smashed in face, they are all of surprise, and then it zooms into Rocko's face, and his voice goes from surprise to anger

Rocko: ***YOU'RE GONNA GET WHAT'S COMING TO YOU, HOLE FACE!***

Rocko slams on the gas and crazy taxi's theme plays bass boosted, Rocko then runs over several people again and Rocko goes onto the road, many explosions from Spongebob's tank appear next to Rocko, the camera goes to SpongeBob and zooms in his face

SpongeBob: ***CYYKAA! CYKA CYKA CYKAAAAA!***

SpongeBob then shoots at Rocko's car, and hits the back tires, making them fly into the air

Rocko: SQUIDWARD! Grab onto all the wheels!

Squidward makes some weirdy pain pain yowch noises and then stretches out and grabs onto all the wheels

Squidward: would it be acceptable to pee right now?

Heffer: I don't think anybody would see you

The camera cuts to Rocko, Heffer, and Filbert sitting in the car casually, while we hear some uhhhhhhhhh trickley prickly noises

We see Rocko is tilting the steering wheel

We then hear a zip and it cuts to Squidwards face

Squidward: ahh, finally, was kinda awkward when you were moving the wheels R-

The car is crashed into a building, launch station, everyone flies off the inside (and off the bottom is Squidwards case) the car, we cut to Filbert getting up, he turns and faces a panel with a bunch of buttons, and it zooms into Filbert's face, his eyes are dashing from left to right frantically, and he's sweating

Filbert: okay, okay, I'm not sure what I'm doing but..

While Filbert is saying this there's a lot of beeps and clicks in the background, suddenly there's one big click and Filbert's eyes stop moving

Filbert: I think....I did it? Now I need to enter the coordinates and...

There's a big siren, and we zoom out of Filbert's face, Rocko, Heffer, and Squidward get up

Squidward walks out and looks out of the hole

Squidward: uhh, so where is MTV?

Rocko walks up and points somewhere

Rocko: right there, Squidward

The camera cuts to Rocko's finger pointing at a big building with "MTV" above it

Squidward: then shouldn't we be RUNNING?

everyone starts running around frantically, except Filbert, Filbert reaches into his shell

Filbert: it's fine! You think I wouldn't bring radiation suits with me?

As Filbert is rummaging around in his shell, he stops, and his eyes widen

Filbert: OH CRAP! I FORGOT THEM!

everyone starts panicking

Rocko: wait a sec, they aren't too far... Why ain't it hittin yet?

Filbert: Oh...I didn't hit the launch button...that siren was actually because "someone" was pressing the buttons up here without permission

Rocko: well, uh, I guess we could just go to MTV studios and shoot everyone, right?
